

NEPAL | 8'X9'9"

\$1,350

This is a tone-on-tone handmade rug with a minimal design, made in Nepal. The main color is brown with some ivory, giving the rug a calm and natural feeling. The artist used geometric shapes for the design of this modern rug, with a repeating pattern that makes it even more soothing. In the picture, there is some color variation because of the nap direction of wool and silk in the rug.
